CAMP STANDARDS

The goal of our camp is to honor the Lord. Our camp standards are based upon Biblical principles for modesty. We do not believe that just having outward standards will produce a spiritual heart, but they are very important. We want to be the best we can be for God.

Everyone following the camp standards helps to promote an atmosphere of holiness and modesty that pleases the Lord and encourages spiritual growth. Thank you for your spirit and cooperation in this matter.

SKIING, SNOWBOARDING

We are going to Camelback Mountain (skicamelback.com) on Tuesday. Skiing and Snowboarding is optional. For those campers who are renting equipment, it is recommended that they pre-register with Camelback Mountain. Pre-registering is done online, only takes a few minutes, and costs nothing. This will allow campers to be in the system and sign off on the release form as well as speed up the process in rentals.
